Dear Mark and the Chitty Cast

Thank you for your kind invitation to see Chitty Chitty Bang Bang on Friday night last week, we had a lovely time. You can be proud of yourselves as this was a polished performance and you didn't let 'Chitty' get all the applause. I really encourage making the shows individual as it is easy to just perform what is written but just be aware of your intended audience as some of the comedy additions went straight over the heads of the youngsters in the audience. I know this was the intention but the show is aimed at the young and at times they were lost as the plot twisted to get laughs from the adults, just something to note, especially as they were your majority audience. It was great to see such a wide age range from the 'grown ups' to the 'children' in the ensemble, and it was lovely to see the lovely Edison who was enjoying all the attention.

As Youth Advisor for the South West I have really only just started working my way around meeting the huge variety of youth companies and those with young members and building friendships, my relationship with YAOS goes back to my time as a Rep so thank you for continuing to invite me. My role is to support and advise young companies so please use my services and let us continue our good working relationship.

Well done and see you all again soon I hope

Thanks again for a lovely evening and the lovely reception we received on arrival

Best Wishes

Jo
